LDISS ACCOMMODATION REVIEW

RECOMMENDATION BY SENIOR STAFF OF KPRDSB

The final report prepared by the KPRDSB staff is to close LDISS and repurpose the building for an elementary school grades JK to grade eight (8). The full report is available at www.kprdsb.ca

The Accommodation Review Committee has completed their mandate to hold public meetings to gather information on the recommended closure. That information was used by the Senior staff of KPRDSB to make a final recommendation to the Trustees of the Board**. The Board Trustees will be making the final decision on March 29, 2016.**

The School has not been closed and is considered open until a final decision by the Trustees. Course selection must happen at LDSS so that students are in the board system with course selection. It is business as usual at the school until a decision is made.

The Trustees may not necessarily vote for the Board Recommendations. They may, in fact, vote to keep the school open.

If you are interested in keeping the school open, you must make your voice known, either by attending a Board Meeting or writing a letter to the Trustees of the Board

You can express your opinion to the Trustees by requesting an audience at the next Board Meeting, February 25, 2016. A ten minute delegation must register with the Board by February 16, 2016 and a three minute delegation must register by February 24, 2016.

The Kawartha Pine Ridge District School Board is comprised of ten elected Trustees, in addition to one First Nations Appointed Trustee, and one Student Trustee.
