Thursday January 29<sup>th</sup>, 2015

### **Attention Curve Lake First Nation Members**

As part of the recent upgrades in technologies within Curve Lake First Nation, a Voice Over Internet Protocol (VOIP) is scheduled to be installed at three of the Curve Lake First Nation owned buildings over three dates.

- Friday February 6<sup>th</sup>, 2015 - Government Services Building
- Friday February 20<sup>th</sup>, 2015 - Health Centre
- March Break 2015 - Curve Lake School

The installation of the VOIP will require the phone system to be shut down at 3:00 pm on Friday February 6<sup>th</sup> and 20<sup>th</sup>, 2015. The Government Service Building and Health Centre will remain open to provide services to the community until closing at 4:00 pm.

The VOIP will allow us to eliminate the costly Bell telephone lines and services we currently use for voice communication. This will result in savings of thousands of dollars per year and make possible one integrated phone system for all of the First Nation operations.

If you have any questions, please contact the Government Services Building at 705-657-8045.

Sorry for any inconveniences this may cause.

Sincerely,

A handwritten signature in black ink, appearing to read "Phyllis Williams", is written over a faint, larger version of the same signature.

Chief Phyllis Williams  
Curve Lake First Nation
