

Good News! The **Curve Lake Adult Day Program**, operated by the Victorian Order of Nurses (VON), will be returning to the Curve Lake Community Centre in September! The program was relocated temporarily due to the renovations and subsequent closing of the Seniors' Centre but will be **back in Curve Lake at the Community Centre as of Tuesday, September 12th**. The Day Program provides a day of activity and social interaction for older adults who may be experiencing physical, social or cognitive challenges. A variety of activities are planned and provided to work toward supporting each person's interests, health and well-being. A noon meal is provided. While participants enjoy a day away from home, their caregivers benefit from a day of respite to focus on their own needs. The program will be offered every Tuesday and Thursday at the Curve Lake Community Centre. **To enquire about registering for this program, or to make a referral, please call Audrey Cruikshank at the VON office at 705-745-9155 Extension 6423.**
