Curve Lake School Staff and the Student Success Team are pleased to announce that our brand new school website www.curvelakeschool.ca was launched at our open house and BBQ held September 13, 2017.

It is our hope that the website will become the communication hub for parents and community. We now have the ability to push email and text notifications to parents/guardians from our newsfeed and parent portal. We hope you will take some time to visit and explore the website.
