

Health Centre Open House

**PLEASE JOIN US TO WELCOME DR. MAY TO OUR
HEALTH CENTRE TEAM**

The Curve Lake Health Centre is pleased to announce that Dr. Terrence May will be joining our health centre team starting October 7th. All are invited to come say hello...

TUESDAY SEPTEMBER 23rd 1:00 pm – 2:30 pm at the Health Centre. Light Refreshments will be served.

Dr. May comes to us with a wealth of experience, having worked in the PRHC emergency department since 2006. He has experience in family practice, having worked as a family doctor at the Morton Centre in Lakefield. He recently spent a year with his family in western Australia, where he worked as a consultant emergency physician.

Dr. May has experience in FNIM health; during his training he worked in Moose Factory, and with Stoney First Nation near Calgary.

Dr. Mallory will be continuing in his long term commitment to Curve Lake, however he will be reducing his hours here to accommodate Dr. May, and to allow time for Dr. Mallory's new role in Palliative care at PRHC.

Dr. Mallory, Amanda, Carolyn and Liz invite you to join us for a chance to meet Dr. May and welcome him to our community.
