

# **WE NEED YOU!**

Have you ever dreamed of a place to play, or watch basketball, volleyball, floor hockey; or have a quiet place to sit and read a book? CLFN children, youth, adults and seniors are in need of a space for recreational activities and library.

**Recreation and Education are looking to create a Fundraising Team to plan and execute events. The Team will focus on small and large scale fundraising activities that will appeal to a wide range of community members.**

**Proceeds will go to building a Gymnasium and Public Library for Community Use**
