

# Gardening 101 Workshop

*It's time to start your very own garden at home!*

*We'll learn all about how to plan and design a garden, how to prepare the soil, and how to (trans)plant the seeds and seedlings. We'll also talk about plant companionship and tips on how to water and mulch the soil.*

*Each Participant will get to start their own seedlings!*

**Wednesday April 26<sup>th</sup> 2017**

**Curve Lake Health Centre**

**5:30PM**

*In Partnership with*

*Call Steve at the Health Centre to register for this workshop
