

Development of Nation Building Committee

Curve Lake First Nation is taking a proactive approach in developing its own constitution (law making) and other self governing initiatives.

A constitution will offer a self directed process for our leadership and community, versus having Indian Affairs telling us what and how to do things in a particular way.

The constitution will be reflective of Curve Lake values, principles, its people and acceptance for authority of law; law that is developed by our citizens.

Chief and Council encourage your submission of interest to be on this committee. The Terms of Reference have no been developed yet but we are hoping the committee to be comprised of 5 to 6 people from the community and council.

Please leave your name and contact information with the receptionist at the Curve Lake First Nation Government Services office.

Deadline for your interest is Monday August 26th, 2013. Council will select the committee at the regular scheduled Council meeting on September 3rd, 2013.
