This production has been on a tour across Ontario, schools, festivals, libraries, and museums, this comedy of errors follows Alexander as he wakes up to gum in his hair, gets picked on at school, has to go to the dentist, doesn't get anything he wants at the store and then finds himself in trouble again for messing everything up. This is a one hour performance, and perfect for ages 2-9 years of age, but a great fit for families and audiences of all ages.
