Dear Vendor:

RE: 2019 Curve Lake Traditional Powwow

Curve Lake First Nation has enclosed the pre-registration package for vendors for the Curve Lake Traditional Powwow, which will be held on **September 21st and 22nd this year**. Once again we are expecting a huge attendance at this year's Powwow. 2018 was the highest attendance number we have seen. We expect everyone will again have a tremendously profitable weekend this year.

We are assigning locations to accommodate with your three preferred choices. If you feel that your booth is going to be larger or double the space given (12 ft x 12 ft), then you must pay double the price. **We can only assign locations to those who have paid in advance so get your payments in as early as possible to avoid disappointment.** You may also email a scan of your certified cheque/money order to JackH@curvelake.ca. If you choose to pay by credit card, please call our finance department at 705-657-8045. **You will still need to contact me to ensure your chosen site is available prior to paying.**

The cost remains the same this year at:

Craft Booth \$175.00 (limit of 50 spaces) Food Booth \$300.00 (limit of 15 spaces)

Curve Lake First Nation appreciates the vendors and your contribution to making our Powwow a success, year after year. Our commitment to you is to work our hardest to ensure the Powwow is a positive and profitable experience for you. We look forward to seeing you at the Powwow in September.

Sincerely,

Aaniin Members

The Public Works Waste Transfer Station kindly ask the following:

Break all your cardboard boxes down flat at curbside as well when you take them to the Waste Transfer Station to be put into large blue bins there.

We also ask that you separate all plastic, glass, containers and any bag you can stretch with your thumb, and fibers from your garbage, as we pay a higher rate to dump garbage than to recycle it.

We are also trying to reduce volume in the containers as well, bags create air, and air in bags create less room in containers.

Please sort recycling into one blue box bin for containers and one for fibres and have blue boxes to the curb by 7:00am on your collection day. Additional boxes can be purchased at Waste Transfer Station for \$7.00. The same guidelines are for the bins at the Waste Transfer Station as well.

Dear Ontario Regional Chief RoseAnne Archibald,

I want to thank you for joining the Indigenous Artwork Panel of the Legislative Assembly of Ontario. Your input and perspective have been invaluable to our panel and have contributed greatly to this project's potential for success.

At our last meeting, the other members of our panel were briefed on your recommendations: that the carving should focus on The Seven Grandfathers' Teachings and be created out of one large piece of wood instead of four smaller ones. Everyone agreed with the recommendations, and a new notice with a new deadline was created to reflect these changes.

This notice has been posted on the Legislative Assembly's website and has been advertised in Turtle Island News, the Two Row Times, the Sioux Lookout Bulletin, and Wawatay News – Sioux Lookout. Radio advertisements have also aired on CKWT-FM Wawatay Radio Network.

As was previously mentioned, it would be greatly appreciated if you would further assist our panel in the distribution of the attached notice and accompanying documentation to Ontario's First Nation Communities. It is my sincere hope that by reaching all of Ontario's Indigenous wood artists, a carving will be chosen that is both beautiful and culturally significant.

Please contact Trevor Day, Deputy Clerk and Executive Director of Legislative Services at 416 325-3502 or tday@ola.org if you have any questions or concerns.

Sincerely,

Honourable Ted Arnott, MPP
Speaker of the Legislative Assembly of Ontario

CALL FOR SUBMISSIONS: INDIGENOUS ARTWORK LEGISLATIVE ASSEMBLY OF ONTARIO

The Legislative Assembly of Ontario invites Ontario-based Indigenous wood artists to submit for consideration an Expression of Interest to design and carve a fixed art piece for the Legislative Chamber.

BACKGROUND

As the seat of Ontario's provincial parliament, the Legislative Building is a physical symbol representing our province. At the heart of the building is the Legislative Chamber where Members of Provincial Parliament meet to debate and pass bills on behalf of Ontarians.

For 125 years, Ontario's Legislative Chamber has brought many people with different opinions together to seek consensus. The Chamber has a rich heritage and contains a number of intricate wood carvings set in mahogany and Canadian sycamore. Inspired by medieval architecture, renderings of gargoyles and mythical creatures are intended to scare away evil spirits, while Latin mottoes inscribed on pillars promote good governance. These pieces are beautiful and historically significant, but they lack representation from the province's first peoples.

ARTIST'S ASSIGNMENT

The purpose of this call for submissions is to incorporate Indigenous artwork into the Chamber. The artwork will serve as a permanent reminder of the history of Indigenous peoples in Ontario and symbolize new connections, relationships and opportunities being fostered today. The Legislative Assembly of Ontario is looking for a wood artist to design and carve a fixed art piece that will represent **The Seven Grandfathers Teachings**.

A mahogany panel will be located above the alcove framing the doors of the Legislative Chamber. The exposed area of the panel will be approximately 14 inches in height by 118 inches in length by 1.5 inches in thickness. One artist will be selected to design and carve this wood panel into a fixed art piece representing **The Seven Grandfathers Teachings**.

COMMISSION BUDGET

The budget for this commission is \$20,000.00, which must cover all costs required to design and fabricate the art piece. The wooden panel will be provided to the selected artist. The Legislative Assembly of Ontario will be responsible for the staining and installation of the panel.

The art piece will become the property of the Legislative Assembly of Ontario.

SUBMISSION REQUIREMENTS

Your submission must include all of the following components:

1. Expression of Interest
Explain why you are interested in the opportunity. Tell us about your artwork and if you have created work for any other public space. Your Expression of Interest may be either a written submission or a short video.
2. Biography
Submit a current biography or information about yourself. Include information such as your experience as an artist/wood carver, any art training you have completed, public artwork on display and any other experience directly related to this opportunity. Include your name, mailing address, telephone number and email address.
3. Samples of Previous Artwork
Submit a maximum of five (5) digital image files or photographs showing samples of wood carvings that you have completed or that are currently in progress.
4. Concept Drawing
Provide a scale drawing or sketch of your proposed carving of the wood panel. Include an explanation/interpretation of how the proposed carving represents **The Seven Grandfathers Teachings**.

All submissions will become the property of the Legislative Assembly of Ontario.

DEADLINES

Submissions must be received by **11:59 p.m. (EST) on December 31, 2019**.

Any questions must be received by **11:00 a.m. (EST) on December 10, 2019**.

Email submissions to tday@ola.org (up to 10MB in attachments in .JPEG, .TIFF, or .PDF formats, links preferred) or mail to the following address:

Trevor Day | Deputy Clerk & Executive Director, Legislative Services
Legislative Assembly of Ontario
99 Wellesley Street West
Toronto, Ontario M7A 1A2
Telephone: 416-325-3502 | Fax: 416-325-5848

SELECTION CRITERIA

Submissions will be evaluated by an all-party panel. The evaluation will include assessing the artist's experience, qualifications, previous artwork, and concept drawing and explanation. The decision of the panel is final.

The successful artist must sign a written agreement with the Legislative Assembly of Ontario transferring all rights to the artwork.

The Legislative Assembly of Ontario reserves the right to modify, amend or withdraw this call for submissions at any time without notice or compensation.

Project-Based Training and Mentoring Program on Intellectual Property for Women Entrepreneurs from Indigenous Peoples and Local Communities

Making strategic and effective use of intellectual
property in support of projects based on traditional
knowledge and traditional cultural expressions

WIPO
WORLD
INTELLECTUAL PROPERTY
ORGANIZATION

WIPO is launching a new “Project-Based Training and Mentoring Program on Intellectual Property for Women Entrepreneurs from Indigenous Peoples and Local Communities” (the Program).

Through this Program, candidates will learn how to make strategic and effective use of intellectual property (IP) rights in support of projects based on traditional knowledge (TK) and traditional cultural expressions (TCEs).

How will the Program be delivered?

The Program has a practical approach and consists of a training and a mentoring phase.

The training phase will take place in Geneva, Switzerland, from November 11 to 15, 2019. Participants will:

- acquire basic knowledge of the main principles, systems and tools of the IP system as they relate to TK and TCEs.
- share and learn from each other’s experiences and meet potential partners that can provide support with the implementation of their projects.
- further develop and implement TK or TCEs-based projects that have an IP component.

The mentoring phase will take place in 2020. During this phase, participants are expected to implement the project they have selected. Mentors will be assigned to guide the implementation of the IP components of the projects. Mentoring will principally take place through email and phone.

WIPO will cover the costs of the Geneva-based training. WIPO will not provide financial support to the implementation of the participants’ projects.

Deadline for applications: August 30, 2019

More information and the application form can be found at:
www.wipo.int/tk/en/women_entrepreneurs/
To contact us: grtkf@wipo.int

What types of projects could benefit from the Program?

The Program could, for example:

- assist creative and innovative entrepreneurs to sustainably brand and commercialize TK and TCEs-based products and services.
- help identify and manage the IP issues that can arise in the context of TK and TCEs documentation and digitization projects.
- help folk, art and cultural festival organizers, but also artists, performers and exhibitors at such festivals, to monitor and manage the use of IP rights in that context.

Who can apply?

Women entrepreneurs from IPLCs - such as artisans, designers, traditional musicians and dancers, researchers, healers or small-scale farmers - who are planning or have already initiated a project based on TK and/or TCEs that includes an IP component.

Candidates should be able to communicate in English, French, Spanish or Russian.

A growing body of research shows horses support overall well-being as well as promote healing in the fields of trauma, occupational stress injuries, depression and anxiety.

Horses evolved with a strong awareness of their senses and environment as key to their survival. They take in our subtle body movements, facial expressions, quality of breath and body energy as vital information for their ultimate safety.

They also respond to and react to our way of being in the moment. They invite connection. The relationship created with a horse is a genuine relationship that gives us the opportunity to look within ourselves to cultivate or change our way of being in relationships.

Open to Youth 13-18 years old
Friday, August 9, 2019
